# STAR PERFORMANCE

Sani-Star's Patent Pending Kiosk is available in 4 different payment options. Cash, Token, Coin and Credit card. Credit card is available in remote applications even where internet is not available. The Sani-Star timer has simple program options to choose your payment amount. The tamper proof kiosk is made out of 12 gauge stainless steel, and is anchored into a concrete base for security and longevity. All of Sani-Star's kiosk components are proudly made and manufactured in the USA.

## PATENT PENDING CAP

Sani-Star's Patent Pending cap retrofits any existing dump station into a profit center. Made out of billet aluminum it not only looks great but holds up in any environment. This cap with it's round ball like plug fits any 4 inch sewage pipe in any degree of angle.

The 24vdc solenoid activated lock is encased in a water tight box, and anchored with all stainless steel hardware.

# IT REALLY IS THIS SIMPLE!

1  
Insert Payment into Kiosk

2  
Lift cap & insert sewage hose

3  
When finished, retrieve hose
